ANNOUNCEMENT AND CALL FOR ABSTRACTS

DEAR COLLEAGUES,

We are pleased to announce the 9th edition of the International Workshop on Pharmacology of Tuberculosis Drugs, to be held on 24 October 2016 in Liverpool, United Kingdom, preceding the Union World Conference on Lung Health 2016.

The treatment of Tuberculosis is increasingly becoming a challenge worldwide. All around the world experts in the field are involved in intensive research to be able to cope with the various concerns with regard to treatment.

The aim of this abstract-driven workshop is to make a significant contribution to the optimization of TB treatment, by bringing experts together and having them present and discuss the latest important scientific findings in the TB clinical pharmacology field. Additionally, scientific, regulatory or strategy issues that are highly relevant to the optimization of TB treatment will be exchanged and discussed.

The format of the meeting will be a one-day workshop consisting of invited lectures, abstract presentations and roundtable discussions. Much time will be allocated to questions, answers and discussion in order to set up an intimate interactive workshop.

We invite you to attend the 9th International Workshop on Clinical Pharmacology of Tuberculosis Drugs and encourage you to submit abstracts on your research in this field.

We look forward to welcoming you to the workshop in Liverpool, United Kingdom!

The Organizing Committee
**ABSTRACT SUBMISSION**

- Pharmacokinetics and Pharmacodynamics of Approved TB Drugs;
- Pharmacokinetics and Pharmacodynamics of New TB Drugs;
- Pharmacokinetic- & Pharmacodynamic modeling;
- Drug - Drug & Drug - Disease state interactions;
- TB treatment in special populations;
- New Drug Development Methods.

For abstract submission guidelines, please visit the website of Expert Medical Events.

**Abstract submission deadline: 26 August 2016**
